Art Unit: 3632

This is the second office action for reissue application number 10/041,982, Display Device, filed on January 10, 2002. This application is a reissue application of U.S. Patent No. 6,220,555 issued April 24, 2001.

Supplemental Reissue Oath/Declaration

The reissue oath/declaration filed with this application is defective because the error which is relied upon to support the reissue application is not an error upon which a reissue can be based. See 37 CFR 1.175(a)(1) and MPEP § 1414.

The recited error in the declaration is not clear and the "following respects" does not explain what the error is. The applicant needs to specifically state that the error was to include the limitations in question in the patented claims, which are not needed for patentability of those claims.

Response to Amendment

The amendment to the claims filed on September 22, 2003 does not comply with the requirements of 37 CFR 1.173 because the amendment should have only included those claims being amended. Only a marked-up version of the amended claims is required, a clean copy is unnecessary.

Since the reply filed on September 22, 2003 appears to be *bona fide*, applicant is given a TIME PERIOD of **ONE (1) MONTH** or **THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to submit an amendment in compliance

with 37 CFR 1.121 in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
